1. About the School of Computer Science

The School of Computer Science is one of the school of studies in the University. Through its quality policy, the School aims to enhance and sustain excellence of its educational programmes. It has a vision to create computer literacy by taking computer education to the masses.

The School envisages to:

- Develop degree, postgraduate and research level computer programmes for creating professional human resources required by the IT industries.
- Develop need-based and job-oriented short-term computer programmes to meet the huge demand of IT skilled human resources in business and industry.
- Ensure relevance of programmes by updating the curriculum dynamically.
- Provide e-Learning support to its learners.
- Establish tie-ups with industries and other educational institutions to share experience and knowledge.
- Carry out research that will help in developing new methods, tools and techniques useful for computer education and applications.
- The School imparts computer education through its Authorized Learner Support Centers.

2. Need for Programmes

Human society has passed through 'green revolution', 'industrial revolution' and 'information revolution'. Now it is entering into 'knowledge revolution'. Education in general and 'computer education' in particular is gaining utmost importance in today's knowledge society. Computer skills have become the life skills for everybody.

For high productivity and better quality, many business houses, Government departments and industries are making extensive use of computers. Extensive human resources are required to handle and operate these computers. Thus, there is pressing demand of persons having computer IT skills to work at various levels in various sectors. They are helpful in providing IT and IT-enabled services. They can become entrepreneurs and provided services to the industries/organizations.

3. Learner Support Centre

The Learner Support Centre (LSC) is authorized to conduct computer programmes offered by the University. Specific programmes are assigned to that Learner Support Centre depending on the infrastructure available.

The Coordinator of the Learner Support Centre shall look after all the activities of the LSC. The Learner Support Centre performs the following important functions:

- Conduct the Courses as prescribed by the University.
- Make available the hard copy of the Prospectus for reading purpose at reception.
- Forward necessary information to the University as and when required.
- Organize counseling sessions, practical sessions as per the planned time table prepared by the LSC and submitted to YCMOU at the beginning of the session.

- Preserve all necessary records related to LSC activities.
- Facilitate delivery of instructional material on demand.
- Perform duties as an examination centre.
- Provide any other additional facilities for the learners' benefit.

Learners should carry out the entire computer practical at the Learner Support Centre. The Coordinator/Counselor/Supervisor of the Learner Support Centre will supervise the practical activities.

10. Registration of Learners

It is necessary for the learner to attend the counseling and practical sessions at the Learner Support Centre, so before selecting the LSC, the learner is advised to visit the nearby LSC of his/her choice and ensure that he/she is satisfied as per his/her needs. The list of authorized Learner Support Centres is available on the website.

Admission Process: For admission process, please visit the university portal (http://ycmou.digitaluniversity.ac) / Learner Support Centre of your choice.

Important Note

In case of less than 20 admissions to any programme, the university may take the decision to not to offer the programme for the academic session January 2025. In such case, total fees paid by the learner will be refunded.

11. Teaching Learning Process

There are three types of learners taking admission for the programmes in YCMOU.

1. Working/ In job persons.
2. Learners pursuing higher education.
3. Fresh learners.

Learner Support Centre prepares timetable suitable for the majority of the learners. Timetable is prepared to provide minimum hours of counseling sessions and practical sessions for the learners. Learners are expected to attend at least 75% counseling sessions and complete all necessary practical and prepare Workbook Journal.

Those learners who fail to attend the counseling sessions are provided with the notes, presentations and exercises of the sessions. Learners are expected to go through it, do the self study and solve and submit the exercises to the Learner Support Centre. The learners who are absent for actual counseling sessions but do self study and submit the solved exercises in satisfactory manner (exercises are given by the LSC) are considered present for that session.

For practical sessions also, if learner opts for doing the practical at home on his/her computing resources, it is acceptable. But in that case learner is required to visit Learner Support Centre, perform and complete practical work satisfactorily and get the Workbook/ Journal signed by the supervisor.

For one credit of theory component 3 counseling sessions are scheduled. Each counseling session is of one hour duration. For one credit of practical component 15 practical sessions of 2 hours each are conducted.

With the availability of ICT at LSCs and learners, some Learner Support Centres may conduct online counseling sessions for convenience of learners. The Learning material of the counseling sessions is made available to the learners for future reference.

12. Evaluation

To successfully complete the academic program, learners need to complete all the courses successfully.

Marks system:

1. For the purpose of evaluation, there are two types of courses, namely,
   a. Course having Theory and Practical component.
   b. Course having Project work.

2. **Course having Theory and Practical component**:

- **Theory Component:** There will be online examinations with objective type questions on each module and one course end test of multiple choice questions. Learner must secure 40% or more marks to successfully complete the theory component.
- **Practical Component:** An end examination of maximum marks, shown in the course structure shall be conducted at an examination centre with the facilities of laboratory for conduct of practical activities. Learner must secure 48 or more marks out of 70 (96 or more marks out of 140) to successfully complete the practical component.

  The Practical Component shall be evaluated with the following criteria.
  - Actual Performance of the examinee: 60%
  - Workbook / Journal: 20%
  - Viva: 20%.
- Learner must secure total 60% or more marks to successfully complete the course having **theory and practical components.**
- **Project Work:** Project work shall carry marks as defined in the course structure. Of these marks to be allotted, 50% marks are to be assigned by Internal Examiner and 50% by the External Examiner. The evaluation will be based on the performance of the learner in Viva Voce, demonstration, Project Report and Presentation based on the Project work. The learner needs to secure 60% marks in the Project Examination to successfully complete the course having project work.

Learners Evaluation with Grade system:

The examination system shall be same as that with the marking with the following additional changes:

1. The marks scored by the learner shall be converted into grade points using rules approved by the university authority.
2. **Letter Grade:** It is an index of the performance of students in a said course. Grades are denoted by letters O, A+, A, B+, B, C, P and F. The UGC recommends a 10-point grading system with the following letter grades and points as given below:

Letter Grade and description	Grade Point
O (Outstanding)	10
A+(Excellent)	9
A(Very Good)	8
B+(Good)	7
B(Above Average)	6
C(Average)	5
P (Pass)	4
F(Fail)	0
Ab (Absent)	0
